Education

The University of Sheffield

BEng, PhD, Computer Science, 1997 - 2007

Honors and Awards

Mappin Medal for 'Greatest distinction in reading for Software Engineering' at the University of Sheffield.

Barry Norton

Senior Researcher at Karlsruhe Institute of Technology (KIT) / University of Karlsruhe (TH)

1 person has recommended Barry

"Barry was an excellent supervisor and colleague during initial work on the Cashew project developing semantics for the web service orchestration language, OWL-S. Barry is extremely capable, intelligent and hard-working and always willing to help others. I am glad I had chance to get to know him during his time at Sheffield, and eternally grateful for the help he has given me."

— **Dr Andrew H.**, *Undergraduate Student, University of Sheffield*, reported to Barry at University of Sheffield
